

DATE:

APPLICATION DATA SHEET

1. CUSTOMER INFORMATION

Company Name:
Customer's Name:
Address:

Phone:
Fax:
Cell:
Email:

2. PROJECT TIMING

Proposal Required By:

Is the project funded?
If YES, what is expected Purchase Date?

Type of Proposal
Firm
Budgetary

3. MATERIAL INFORMATION

Product Name:

**Bulk Density: (settled) -
(Aerated) –**

Specific Gravity (if known) –

Particle Size:

Particle Description

Powder:

Flake:

Pellet:

Granule:

Other:

Flowability

Free – flowing:

Free – Flowing w/aeration:

Sluggish

Friable - Yes: No:

Moisture Content: %

Material Temperature:

Characteristics

Abrasive:

Corrosive:

Explosive:

Sticky:

Hygroscopic:

Toxic:

Smears:

Bridges:

Adhesive:

Temperature – sensitive @

F/C degrees.

2922 N. Division Ave • York • Nebraska • P: 402.362.2000 • F: 402.362.2001

4. APPLICATION INFORMATION

Describe the process this material is used in:

Duty Cycle:

Material Source:

Is material source continuous feed:

Material Destination:

Convey Distance

Horizontal:

Vertical:

Elbows:

Desired Convey Rate:

Type of Loading

Gravity:

Vacuum:

Contact Surfaces

Carbon Steel:

Epoxy-coated CS:

304SS:

316SS:

5. INSTALLATION SITE INFORMATION

Installation Location:

Altitude:

Ambient Temperature Range:

Equipment Location: (circle options) Indoor Outdoor Portable Fixed

Frequency:

3- Phase Power Available:

Electrical Class (circle one): NEMA 4 NEMA 7 NEMA 9

 If NEMA 7 or 9: Class Group Div.

Noise Limit: dB-A

Existing Dust Collection:

Available Air Supply:

2922 N. Division Ave • York • Nebraska • P: 402.362.2000 • F: 402.362.2001
www.cyclonaire.com

6. Miscellaneous Information

Batch Accuracy:

Total Batch time of Mixer:

Time allowed to fill Mixer/Blender:

Mixing/Blending time:

Time between Batches:

Food Applications please specify finish of interior and exterior surfaces:

Is cross-contamination an issue, please specify:

Custom Paint Specifications:
